

The Accession Code Prefix for all items in the EATMT Archive is **STMTM** (STowMarket Traditional Music)
followed by the year the item was catalogued

Next comes our 'in house' reference, for instance SU Box 1 Section 1 Wallet 1

So the complete reference for the first item 'Sing, Say or Play - Part 1' is

STMTM:2022-SU B1-1 using exactly this punctuation.

NB 'Box' refers to boxes, lever arch files, ring-binders etc

'a' and 'b' refer to the front and back of each wallet

Please do not remove items from their wallets unless necessary, but if it is, please empty
only 1 wallet at a time to ensure items are returned to the correct wallet.

Both sides of the paper are copied if they contain any information

NB These are scanned versions of articles, mostly from the old Mustrad website, now at mainlynorfolk.info. They don't always transfer well to the scanned page format when down-loaded, in particular photos can get cut in half and captions are missing without the mouse hover facility. There are no digital copies held by EATMT but they are all indexed as usual.
